

**DINING SERVICES COMMITTEE
CHAIRPERSON'S REPORT 1-17-2021**

The regular Dining Services Committee meeting scheduled for January 6, 2021 was canceled due to the Freedom Plaza retractions resulting from concern after several Residents tested positive to Covid-19.

On January 7th, a special meeting was called for with the previously established 9 member Alternate Dining Committee specializing in criteria affected by Covid-19. The meeting was presided over by Theresa Lehman, Food & Beverage Director.

Also present were Angie Roher, Executive Director and Jennifer Gonzalez, Associate Dining Director.

The meeting's objective was to determine when to reopen the Dining Rooms. After considerable discussion, considering alternate dates, a unanimous vote concluded reopening should occur on February 22. The date is one day after inoculation of the vaccine for the 2nd time, which is understood to result in 95% protection.

Please consider the foregoing as Minutes for the RAC publication.

Respectfully Submitted,

Stan Zarinsky
Chairman
Dining Services Committee
