

Housekeeping Committee

May 8, 2024

Attendance: Liz Melnick, Nanette Vuolo, Susan Howard, Letha Jones

Management Attendance: Emmy Puga

Letha called the meeting to order at 10:05.

Due to the small number in attendance a general discussion was held. GVT still has problems with leaves in the entrances and building 9 has ongoing problems with spiders in the hallways. The damage from the water leaks is still being experienced on all floors.

It was stated that the persons doing yearly cleaning are doing a very good job.

Emmy stated that window cleaning in the main building will probably begin in June.

Meeting was adjourned at 10:20
